UW-Madison Animal Science Department & Division of Extension Lambing Open House scheduled for February 20, 2020

(Arlington) UW-Madison Animal Sciences Department and Division of Extension is holding a Lambing Open House on Thursday February 20, 2020, from three to seven pm at UW-Madison Sheep Unit located at Arlington Agricultural Research Station, Arlington, WI. The cost is free for all to attend and there is no registration needed. The planning committee reserves the right to alter the schedule if needed due to weather and animal concerns.

UW personnel will be available to answer producer questions and concerns regarding sheep production and lambing such as what is normal lambing, what should you do when, and should you assist a ewe during lambing. There will be an area available to watch live-lambing. This event will be held outdoors, so please dress accordingly for the weather. There will be a heated area for attendees, if needed.

For more information, please contact Todd Taylor, UW Shepherd and open house coordinator, at (608) 846-5858, toddtaylor@wisc.edu.
