**HELP YOUTH
DEVELOPE
THEIR
SPARK!**

SHARE YOUR SKILLS WITH YOUTH!

Have a Hobby, Talent, or Skill You'd Love to Share?

Our county 4-H program is looking for enthusiastic adult volunteers who would be willing to teach a one-time class or workshop for youth!

We know our volunteers have an incredible variety of talents and experiences. Whether you enjoy painting, woodworking, cooking, photography, sewing, gardening, crafting, fishing, robotics, public speaking, outdoor skills, or something completely unique, we'd love to help you share your knowledge with young people in our community.

We're exploring a series of hands-on learning events throughout the year where volunteers can lead a project, activity, or skill-building session for youth. These workshops will give members the opportunity to try new things, discover interests, and learn directly from caring adults who are passionate about their hobbies and skills.

What Could You Teach?

The possibilities are endless! Some examples include:

- Painting, drawing, or other art techniques
- Woodworking
- Cooking and baking
- Photography
- Gardening and plant care
- Fishing and outdoor recreation
- Small engines or mechanical skills
- STEM activities and technology projects
- Leadership and public speaking

What's Involved?

As a volunteer instructor, you would:

- Teach a one-time workshop or activity
- Share your knowledge and experience with youth
- Guide participants through a hands-on project or skill
- Help create a positive and welcoming learning environment

Our 4-H staff will work with you to help plan the event, coordinate registration, and provide support as needed

Why Volunteer?

By teaching a class, you'll help youth:

- Develop new skills and interests
- Build confidence through hands-on learning
- Explore potential hobbies and career pathways
- Connect with positive adult role models

Your expertise can make a lasting impact on a young person's life.

Interested?

If you would be willing to teach a workshop or would like to learn more, please contact Lindsay Spindler, lindsay.spindler@wisc.edu AND please come to the committee meeting night for your specific project. We would be happy to help you plan out your workshop.

Club News

Pleasant Lake

Pleasant Lake 4-H Club members recently visited residents at Evergreen Senior Center to share highlights from this year's county fair. Members enjoyed talking about their fair experiences, showcasing their projects, and displaying the ribbons they earned.

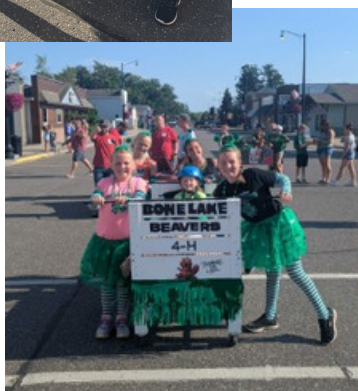

Pleasant Lake members kept busy this month with another exciting club outing. Along with attending the Senior Living Fair, several members and their friends traveled to Wild Mountain Waterpark for a day of summertime fun. The outing provided a wonderful chance for youth to connect, enjoy time together, and strengthen friendships outside of regular club activities.

Bone Lake Beavers

Pleasant Lake 4-H Club members participated in the Lucky Days Bed Races with both a boys' team and a girls' team competing. The event was full of fun, teamwork, and community spirit. Congratulations to the girls' team, who raced their way to a second-place finish and earned the title of the day's second-fastest bed!

Forest View

In June, Forest View 4-H Club members visited the Alden Fire Station to learn about firefighting and fire safety. Members had the opportunity to see the equipment used by firefighters, learn about their important role in the community, and gain a better understanding of what it takes to respond to emergencies. The visit was both educational and enjoyable for everyone involved.
